

A high-speed photograph of water splashing over a metal drain grate. The water is captured in mid-air, creating a dynamic and energetic scene. The background is blurred, showing green foliage.

Welcome!

HalenHardy®

We're about the begin.

7 External Risks

That Could Create Stormwater Compliance Headaches

Presenter: Karen D. Hamel, CSP, CIT

Objectives

Participants will learn how to:

- Recognize external risk factors that could affect your facility
